## INSTRUCTIONS FOR BOOTING

### THE IMMORTAL

1. Press Open-Apple Control Escape to access the Control Panel.
2. Under the "Slots" Selection, set the "Startup" slot to "Slot 5".
3. Insert the "Program Disk" in Slot 5, Drive 1.
4. Cold boot your Apple IIGS. You can do this by pressing and holding the Open-Apple and Control keys and then pressing the Reset button. Hold the Reset button down for at least 3 seconds. Then release the Reset button. Next let up on the Open-Apple and Control keys.
5. When prompted for the "Graphics" disk, you must remove the Program disk and insert the "Graphics" disk in Slot 5, Drive 1.
6. After a short while, you should be asked to put back in the Program disk.
7. The Immortal does requires a joystick.
